

# The Spokane Chapter of the American Institute of Architects

---

AIA Spokane consists of 157 Architect Members, 23 Associates, 23 Corporate Allied Partner companies and 16 Allied Members. The mission of the organization is to foster fellowship among members and to establish a forum for universal standards of practice and education.

AIA Spokane hosts lectures and programs for its membership by industry professionals and noteworthy architects, and hosts a biennial Design Awards Program. These lectures have, in the past, been primarily funded by donations from various distributors, suppliers, and organizations on an "as needed" basis.

It is the desire of AIA Spokane to structure a funding mechanism that will be convenient and automatic and that will work to the greatest benefit of all parties involved. In an effort to express our appreciation for the support that we have received from event sponsors over the years, AIA Spokane has committed to forming a partnership within the design and construction industry by providing opportunities for recognition of that support.

The addition of the Corporate Allied Membership in AIA Spokane creates the opportunity for fellowships and appropriate recognition of our past chapter sponsors while providing additional opportunities for new allied members.

**ALLY YOURSELF WITH AIA SPOKANE IN A JOINT EFFORT TO SUPPORT THE BUILDING INDUSTRY!**

AIA Spokane Corporate Allied Membership is offered to individuals employed outside of the architectural practice, but who are involved in a position allied to the field of architecture. This membership is designed to build and strengthen communication among all members of the design/construction team. As an AIA Spokane Corporate Allied Member, you will have additional exposure to members of the built environment community. You will become part of a network that gives you access to a host of resources, and helps you address the challenges facing our industry today and in the future.

**THANK YOU!**
